

Unit 48: Contribute to Monitoring the Health of Individuals Affected by Health Conditions

Unit code:	HSC 2004
Unit reference number:	M/601/9026
QCF level:	2
Credit value:	2
Guided learning hours:	18

Unit summary

This unit is aimed at those working in a wide range of settings. It provides the learner with the knowledge and skills required to observe, monitor, record and report on the health of individuals affected by health conditions.

Assessment requirements

This unit must be assessed in accordance with Skills for Care and Development's QCF Assessment Principles

Learning outcomes 2, 3 and 4 must be assessed in a real work environment.

Additional information

Health may include aspects that affect:

- physical health
- psychological wellbeing.

An **individual** is someone requiring care or support.

Agreed ways of working will include policies and procedures, where these exist.

Observations may include:

- informal observations
- physical measurements
- other agreed ways of monitoring.

Others may include:

- the individual
- family members
- line manager
- other professionals
- others who are important to the individual's wellbeing.

Assessment methodology

Learners can enter the types of evidence they are presenting for assessment and the submission date against each assessment criterion. Alternatively, centre documentation should be used to record this information.

Learning outcomes and assessment criteria

Learning outcomes	Assessment criteria	Evidence type	Portfolio reference	Date
1 Understand monitoring of the health of individuals affected by health conditions	<p>1.1 explain the importance of monitoring the health of individuals affected by a health condition</p> <p>1.2 describe ways in which the health of individuals can be monitored</p>			
2 Be able to carry out observations of the health of individuals affected by health conditions	<p>2.1 identify what observations have been agreed to monitor the health condition of an individual</p> <p>2.2 carry out required observations in ways that:</p> <ul style="list-style-type: none"> - respect the individual's dignity and privacy - reassure the individual and minimise any fears or concerns - follow agreed ways of working 			
3 Be able to record and report on observations	<p>3.1 record required indicators of an individual's condition</p> <p>3.2 report changes in the individual's condition, in line with agreed ways of working</p> <p>3.3 explain when changes may be needed to usual recording and reporting requirements about an individual's health condition</p>			

Learning outcomes	Assessment criteria	Evidence type	Portfolio reference	Date
4 Be able to respond to changes in an individual's condition	4.1 take immediate action in line with agreed ways of working when changes in an individual's health cause concern 4.2 work with others to review information about changes in an individual's health 4.3 clarify own understanding about changes to requirements for monitoring 4.4 implement required changes to monitoring processes.
